

Logistics Centers

- Overview** At the core of Tech Data's business is its worldwide logistics management and the efficient distribution and allocation of technology products. The company and its subsidiaries operate 27 fulfillment centers in the U.S., Canada, Latin America, Europe and the Middle East.
- Site Selection** Locations are generally chosen based on a combination of factors, including price, availability and suitability of land; availability of a large population of hourly workers with convenient access to the facility; proximity to UPS and/or Federal Express hubs; room for expansion; and availability of tax advantages.
- Staffing** Tech Data's largest U.S. centers in New Jersey, California and Texas each employ between 130 and 170 people.
- Same-day Delivery** Tech Data's customers enjoy same-day shipping on most orders plus a 99% shipping accuracy rate.
- U.S. Carriers** FedEx, UPS, Watkins, FedEx Freight, New Penn, Old Dominion, Eagle, AIT and others.
