

Powerbeats Pro

First Look

Powerbeats Pro are totally wireless high-performance earphones built to revolutionize your active lifestyle, with superior sound, a secure fit, and a reinforced design for sweat and water resistance. Powered by the Apple H1 headphone chip, they deliver faster setup and switching between devices, hands-free “Hey Siri,”¹ and breakthrough battery life. And with up to 9 hours of listening time and over 24 hours of playback with the charging case, they’re always ready when you are. Powerbeats Pro are the most advanced Beats earphones yet.

Apple Retail price (U.S.)	\$249.95
Colors	Black, Ivory, Moss, and Navy

Key messages

Efficient battery life

- Each earbud delivers up to 9 hours of listening time—so you can keep your music going
- Charging case with Lightning connector provides over 24 hours of combined playback
- With Fast Fuel technology, a 5-minute charge gives up to 1.5 hours of playback
- When they’re not in your ears, earbuds enter sleep mode to conserve battery life—with or without the case

Seamless use with your devices

- Setup is simple—just open the case and hold it close to your iOS device to instantly pair, or connect to your Android device using Bluetooth setup
- After connecting to your first iOS device, they’re automatically set up for all your Apple products signed into your iCloud account²
- Earbuds connect via Class 1 Bluetooth for extended range and fewer dropouts

Powered by the Apple H1 headphone chip

- Pairing and setup on iOS devices is faster, and so is switching between your other devices
- Use hands-free “Hey Siri” to effortlessly change volume, switch tracks, and make calls
- Ultra-low power usage provides superior battery life

Powerful sound and clear calls

- Powerful, balanced sound with dynamic range and a pistonic driver deliver a premium listening experience
- Beamforming microphones and a voice-detecting accelerometer focus on your voice and filter external noise for clearer calls

Intuitive listening experience

- Optical sensors and motion accelerometers detect when Powerbeats Pro are in your ears
- With Auto Play/Pause, music pauses when you take an earbud out, and playback automatically resumes when you put them back in within a few seconds

Full control on both sides

- Each earbud has volume, track, and call controls
- Use both earbuds for full, immersive sound, or use one while you multitask
- Earbuds work together for optimal connectivity and freedom of use

Wireless freedom to fuel your workouts

- Reinforced for sweat and water resistance during workouts
- Lightweight, compact earphones are 17 percent lighter and 23 percent smaller than Powerbeats³ Wireless
- Earphones are carefully contoured for ears of all sizes, with adjustable earhooks and a variety of eartip options for a personalized and secure fit

Protected everywhere you go

- Dock the earphones or take them with you in the durable charging case
- Earphones are magnetically secured in the case at an easy-to-grab angle

¹ Siri may not be available in all languages or in all areas, and features may vary by area. Internet access required. Cellular data charges may apply. ² Requires an iCloud account and macOS 10.14.4, iOS 12.2, or watchOS 5.2 or later.
