Why Dell?

Creating technologies that drive human progress

At Dell Technologies, we're proud to have one of the largest partner ecosystems in the IT industry. Our strong track record of creating integrated solutions has helped make technology more accessible to everyone. Over the years, this has allowed us to build lasting relationships with top technology, service, and consulting partners. And we're constantly innovating to shape the technology ecosystem of the future—so our customers are always empowered to move forward.

Enhancing Security and Resilience

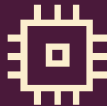

The world's most secure commercial PCs¹ to work from anywhere

Infrastructure solutions with built-in security and zero trust principles

¹Based on Dell internal analysis, October 2024. Applicable to PCs on Intel processors. Not all features available with all PCs. Additional purchase required for some features. Validated by Principled Technologies. [A comparison of security features](#), April 2024.

Dell AI PCs

Making the PC experience more intelligent

Dell AI PCs, from sleek laptops to powerful workstations and flexible desktops, are engineered to enhance productivity and creativity.

These PCs feature durable and reliable materials designed to handle the demands of your busy workday.

-  A streamlined portfolio
-  Seamless manageability
-  AI-driven productivity
-  Effortlessly integrated accessories
-  Industry-leading security

AI PC experiences for business

Work smarter than ever with Intel vPro® powered by Intel® Core™ Ultra processors.

-  Performance that powers AI workloads and creativity
-  Unique out-of-the-box security capabilities
-  Hardware-based modern manageability

PCs for any workstyle in the AI era

Dell Pro & UltraSharp Monitors

Available in different form factors and connectivity options, designed to boost workday productivity and make collaboration seamless

Dell Ultrasharp

Design-forward monitors with cutting-edge technology delivering unparalleled color accuracy and the best eye-comfort solutions.

Dell UltraSharp | 27/32 4K Thunderbolt Hub

Dell Pro Plus

Monitors offering enhanced performance, connectivity, and collaboration.

Dell Pro 14 Plus | Dell Pro 24/27/32/34 Plus
Dell Pro 75 Plus

Dell Pro

Essential and reliable monitors that effortlessly connect with your PCs for business productivity.

Dell Pro 22/24/27 | Dell Pro 22/24 Adjustable Stand

Dell PC Accessories

End-to-end solutions to support Dell PCs, boost productivity and accelerate AI

Manage Your Entire PC Ecosystem - Locally or Remotely

Only Dell offers a singular application to manage and customize the broadest range of PC accessory categories for end users and the industry's first holistic AI PC & peripheral management solution for ITDMs.¹⁰

Keyboards, Mice, Active Pens

Industry-leading battery life of up to 36⁷ months on Dell wireless keyboards and advanced drop-in-box options.

Power

Dell is industry-leading in the use of 98% recycled aluminum in the new power adapters.⁹

Bags, Cables & Travel Hubs

Work everywhere with the smallest and lightest 7-in-1 connectivity adapter¹ and Dell Pro Plus EcoLoop backpacks, that offer 30% more recycled materials than the previous series.⁶

Audio

Connect and collaborate with the largest portfolio of AI-enabled⁸ collaboration headsets with the longest battery life at 80 hours of listening time.⁹

Webcams

Dell webcams deliver best-in-class resolution vs competitors in its class.²

PC Upgrades and Spare Parts

Extend the PC lifecycle with Dell spare parts and upgrade your PC for optimized performance across memory, graphics and storage.

Dell Pro Docks

Dell Pro Docks are the industry's most manageable commercial docks³ and offer the highest percentage of post-consumer recycled plastic in the industry, at 65%.⁴

Arms & Stands

Dell's exclusive Quick Release feature lets monitor panels snap on or off effortlessly, streamlining setups and especially when deploying multiple Dell monitors.

*Please refer to the [page 17](#) for the disclaimer

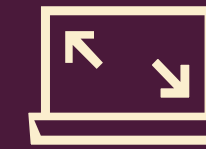

Dell Display and Peripheral Manager

The industry's first singular application to optimize the performance of the entire desk¹

Effortless Collaboration

DDPM enables touch controls on Dell Keyboards for Zoom and Microsoft Teams, ensuring smooth, efficient meetings.

Productive at every level

Easy Arrange for Displays simplifies multitasking by organizing multiple applications across screens and saves layouts with Easy Arrange Memory

Easy to setup and share accessories

Enhance productivity by programming short-cut keys for repetitive tasks.

Optimize collaboration experiences

Stay centered on screen irrespective of your movement with AI auto framing.

Fine-tune audio

Choose collaboration or multimedia presets or customize your audio with manual equalizer adjustments.

Scale up manageability

DDPM offers IT admin tools to streamline device deployment, configuration and updates for your fleet - all in one place.

ProSupport Suite for PCs

Simplify PC management and save IT admin time

641 hours of admin time saved per year on recurring tasks for a 1,000-device fleet*

37 seconds Time to initiate device driver and firmware updates for an entire fleet*

*Based on a Principled Technologies report, “ProSupport Plus vs manual approach comparison report” November 2023. Testing commissioned by Dell, conducted in the United States. Actual results may vary. Full report: (<https://facts.pt/PELu7lm>)

Is your data encrypted and secure?

Security

- Designed with multiple layers of protection
- Keep apps and data secure
- Reduce the attack surface
- Improve cyber resilience

Simplicity

- Dell Management Portal for easy device management and BIOS updates
- Reduce costs and streamline operations

Productivity

- Improve user experiences
- Boost efficiency
- Streamline workflows with AI-fueled capabilities
- Access to Copilot* in Windows

Windows 10 support ends on October 14, 2025

This means devices will no longer get security and feature updates, which may put your business at risk.

Disclaimer

¹Based on internal analysis, December 2021.

²Dell UltraSharpWebcam (4K), Dell Pro Webcam (2K), Dell Webcam (2K) vs competitors within its class. Based on an August 2023 Hot Tech Vision and Analysis study commissioned by Dell Technologies, “The Webcam Competitive Benchmarking Study.” Actual results will vary.

³Disclaimer: Based on Dell internal analysis, December 2024. Most manageable commercial docks when comparing Dell to similar offers from the other tier 1 PC peripheral OEMs. Key manageability features, including update processes, systems management solution capabilities and integrations with 3rd party management solutions were analyzed, confirming Dell Pro Docks as the most manageable commercial docking stations.

⁴Based on internal analysis, December 2024. 65% post-consumer recycled plastic in the chassis. Applies to docks comparable with the Dell Pro Dock - WD25, Dell Pro Smart Dock - SD25, Dell Pro Thunderbolt 4 Smart Dock - SD25TB4 and Dell Pro Thunderbolt 5 Smart Dock -SD25TB5.

⁵Based on Dell internal analysis, December, 2024. Dell’s solution was compared to the (4) known PC accessory management solutions from leading OEMs, finding that Logitech, and HP both support only (2) peripheral categories each, Lenovo supports (5) accessory categories and Jabra supports only (1). Dell offers the ability to manage and customize (8) PC accessory categories including a breadth of purpose-built Dell displays, docks, keyboards, mice, stylus, webcams, headsets, and speakers.

⁶*Data comparison is based on Dell EcoLoopbags launched prior 2025. Based on internal analysis, September 2024. *Applies to Dell Pro 13-14 Plus EcoLoopBackpack (CP5426G).

⁷Based on Dell analysis, January 2025.

⁸Based on internal analysis on commercial collaboration headsets with AI-enabled noise cancellation mics, Jan 2025.

⁹Based on Dell analysis (busy light and ANC off mode) of battery life usage, July 2024. Results vary depending on use, operating conditions and other factors *applies to Dell Pro Premium Wireless Headset – WL7024.

¹⁰*Based on Dell internal analysis – November 2024 'Solution' refers to a combination of Dell Management Portal’s cloud-based PCs management capabilities in Microsoft Intune & Dell Device Management Console’s cloud-based peripherals management capabilities.

Dell Device Management Console and its cloud-based peripherals management capabilities planned for activation in March 2025 AI PCs refer to PCs with Intel® Core™ Ultra processors, that handle AI workloads on-device efficiently.

¹¹98% recycled aluminum in the thermal shielding. Based on internal analysis, March 2024. 65W USB-C Adapter, 130W SFF Type-C Adapter, 100W SFF Type-C Adapter, 280W Type-C Adapter, 360W Type-C Adapter.
